WECR REQUIRES THE FOLLOWING FROM ITS VOLUNTEERS:

1. If you are fostering an animal placed in your home by WECR, you realize that this animal must not be left with any person under the age of 18 or cared for by anyone under 18 without direct adult supervision.
2. Any animal placed in your home remains under the ownership of WECR and will not be released or transported to anyone other than to WECR volunteers or to the vets office without prior authorization from WECR.
3. That no animal placed in your home by WECR will be allowed to roam freely.
4. If fostering an animal, if medical treatment is required, you will contact WECR for authorization to bring the animal to the veterinary clinic that WECR uses for all medical treatments. You acknowledge that taking the fostered pet to any other vet without prior authorization, will incur vet bills that will be the sole responsibility of the fostering family and will not hold WECR accountable for said bill.
5. Acknowledge that WECR is not responsible for any damage done by a fostered animal to any property where the animal is being kept or allowed to roam.
6. Agree to release WECR from any liability for any personal injury incurred while fostering or volunteering with WECR.
7. I agree to return this animal to WECR if at any time I can no longer provide adequate care and supervision of the animal. I will NOT return this animal to any shelter or person other than an WECR representative.
8. We also acknowledge that no member of the foster/volunteer family has ever been charged or accused of animal cruelty, neglect or abandonment. We also acknowledge that we will never expose any animal within our care to any known individual accused/charged of same.

Thank you for taking the time to complete this form. We look forward to having you join our group in the continuing efforts to save animals from euthanasia.
